
Feiying Simulator Launcher Update [VERIFIED]

August 9, 2017 â€” Hey guys I'm trying to connect my FlySky i6 transmitter via Win7 on an FPV Freerider, I have a simulator cable but I didn't get any software with that... I turned it on and it tries to enter update mode, but it doesn't see the device. I uninstalled everything and reinstalled and no luck. I tried to create a new account, I deleted the old account and reinstalled it, etc. Now it just tries to enter update mode and I get nothing. I tried using Win7 x64 and x86. I also tried with a cable and with a USB cable...nothing. This is my transmitter:
